AYER'S Sarsaparilla. It has also proved equally beneficial with my other children, who were troubled

"Scrofula in my blood caused painful sores of AYER'S Sursaparilla would, I think, in time, have covered me from head to foot. Thanks to the use of this medicine, I am now a well man. I believe it has saved my life."-W. N. PHILLIPS, P. M. and Merchant, Beaver Ridge, Knox county, Tenn.

AYER'S SARSAPARILLA

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. CURES OTHERS, WILL CURE YOU.

LIQUID PEPTONE.

What is it? It is a concentrated food for use in every ase of sickness. It contains no drugs. It is not a patent medicine ner a proprietary article. It is beef! Pure beef; immensely concentrated. Nor is this all; it is pre-digested, so that the most delicate stomach will retain it. As it is already digested, it can be given to the sick with the certain knowledge that it will pass at once into the blood and nourish the patient. Liquid Peptone should be used in every case of typhoid fever; in every case of scarlet fever and in every case of dipatheria. Remember this. If you are run down or weak from any cause try Liquid Peptone; it will make you strong. If you are sick, very sick, profoundly sick, it will bridge you over the critical period of your disease. Ask your doctor about it. In ordering be sure and ask for Liquid Peptone, made by my3-w&s3m STEVENSON & JESTER, Phila. THEY MAKE ONE FEEL AS THOUGH LIFE was worth living. Take one of Carter's Little Liver Plain after earing; it will relieve dyspepsia, aid digestion, give tone and visor to the system.

If THE BABY IS CUTTING TEETH BE SURE and use that o d and well-tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhose. Twenty-five cents a bottle.

Now, LET GOOD DIGESTION WAIT ON AP-petite, and health on both," is a favorite toast ifter taking Angostura Bitters. Dr. J. G. B. Siegert thous, MTrs.

2d **EDITION**

TOOK ALL THE CREDIT

the Directory.

THE CREDIT FOR SUNDAY CLOSING. Secretary Baer of the Christian En-

HEROES' DAY TOMORROW.

deavorers Congratulates.

WORLD'S FAIR GROUNDS, CHICAGO, July 15 .ommissioners Tousley, Hundley, Martin and Goff, who appeared before the board of directors yesterday to speak for Sunday closing and the adherence of the directory to the old rule, came to the administration building this morning with no kind feeling toward the directors. They intimated that the commission would today exercise its prerogative of passing some resolution and doing some talk which the directors would not relish.

Mesers. Tousley and Hundley, who have been bitterly opposed to the directors doing west declined 154 to 99%, Rock Island dropped as they pleased about a Sunday fair, feel to 65 and Burlington to 81%, a net loss of I and particularly aggrieved at the way the directors treated them yesterday. They accuse the corporation of seeking to obtain al! the credit for closing the fair on Sundays and the credit for closing the fair on Sundays and disposing of the commissioners' protest as if it came from a body or individuals having no namore settled feeling than has prevailed for sevtional representation or authority or control over | eral months.

There is a gulf between the directory and commission which will never be bridged, and yesterday's proceedings add to the conviction in the minds of many people that the public usefulness and effectiveness of the commission is confined to the appoinement of award judges and the operation of that department of the

THE LAST DAY OF SUNDAY OPENING. Tomorrow is "heroes' day," when all the reeipts at the gates go to the fire relief fund. and the indications are that the last Sunday fair will expire in a blaze of glory and charity. Many of the Midway Plaisance concessionaires have contributed all or a part of a day's receipts to the fund, which will probably reach \$150,000 before the last dime is dropped into

The Toledo Cadets, Ohio National Guard sixty-three strong, arrived at the fair early this morning in a special car on the Baltimore and Ohio railroad. They brought Baltimore and Ohio railroad. They brought their bicycles with them and by special permission of the administration rode into the park on their wheels. They were led by their commander, Capt. William V. McMacken. The cadets went into camp on the plot of ground near the western entrance to the Midway Plaisance. Their appearance was a decided novelty, as a bicycle on the grounds is seldom seen. They will give wheel drills and do camp duty. SECRETARY BARR CONGRATULATES.

Secretary Baer of the United Society of Christian Endeavor today sent the following

Boston, July 15, 1893.—Mr. H. N. Higin-botham, president world's Columbian exposi-tion, Chicago: Accept congratulations. You tion, Chicago: Accept congratulations. You will never regret your action of yesterday and click of your turnstiles will be heard in the land, made merrier than ever by thousands of Christian Endeavorers, no longer antagonistic nor indifferent, but heartily enthusiastic. I for one mean to do everything in my power to make the fair a financial success. (Signed) JOHN WILLIS BARR.

REPORTS AND DISCUSSIONS.

Indianapolis, Ind., July 15.—The same sun that has been shining so assiduously on the Baptist delegates for two days rose at the appointed time this morning, and another sweltering session was assured. The early morning prayer meeting was, as usual, well attended. At 9:30 the morning session opened with a somewhat diminished number of delegates pres-

Some have left the city and others wer gaged in committee work. The religious exercises, conducted by Rev. J. S. James, D.D., of Hartford, Conn., were folowed by the report of the committee on mis-

cellaneous business.

The open parliament topic, "The Conquest Meeting, was led by Rev. Frank S. Dobbins of Philadelphia. Rev. R. R. McKay of Brampton, Ont., delivered an interesting address on "Fidelity to Our Denominational Literature." Then came the mass workers' conference. Ten-minute reports were given by the chairman of the Friday afternoon conference. Ten minutes were also given after each report to interrogate the chairman concerning the work covered by his report.

At the opening of the afternoon session a
great praise service was conducted by W. H.

Merritt of Detroit, and was followed by the sym-

osium, general topic. "Our Lesser Federa-ions, Their Benefits and Their Needs;" "The Suburban Union." Normal G. Lennington, Chicago: "The City Union," A. L. Bates, Kan-sas City; "The State or Provincial Union," by Rev. J. K. Wilson, Tsunton, Mass. At 4 o'clock state rallies will be held in aling been assigned separately.

At 7:30 this evening four mass meetings. known as the "meetings of the colors," will be held in the churches of the city. These neetings will represent respectively the our great color divisions of the convention: four great color divisions or the convention.

Gold, the northern states east of the Mississippi river; blue, state of the same west of the Mississippi river; green, the southern states; red, the provinces of Cauada. While a large number of the delegates will have departed for their homes by evening. many of them will remain in the city over Sun-day, and all the city pulpits will be filled with visiting ministers.

BETTER FEELING AT BANGKOK. Arrival of Another French Gunboat at the Meinam River.

BANGROK, July 15 .- The French gunboat Forfait arrived at the bar at the mouth of the Meinam river today. This is the fourth French warship to arrive—the Lutin, Comete and In-When the Forfait arrived she saluted the British cruiser Pallas, which is lying off the bar, and her salute was returned by the Brit-

The French Capt. Toreaux has arrived within two days' journey of Battambang, a village on the Gulf of Siam, to the southeast of Bangkok. He is in command of a party that is conveying the rebellious Annamites who were recently captured by the French at Khong on the Mei Khong river.

IMPROVEMENT CONTINUES.

A More Settled Feeling in Financial Circle Than Has Prevailed for Months. opened higher and showed considerable strength during the first thirty minutes. Disquiet-

ing rumors concerning a prominent financial institution of Kausas City with a capital of \$2,000,000 was the foundation for considerable selling by bear operators, and a reaction from early figures resulted. There was, however, no unfavorable news nearer home, and the situation is growing steadily more encouraging. Affairs in the east are gradually working around to their normal state, but the west responds slowly to improved conditions. Being the last to feel the shock it is but natural that it should be the

last to recover. £160,000 in gold was withdrawn from the Bank of England yesterday for export to America and \$300,000 additional was reported today. With nearly a million and a half of gold engaged for import this week and the news that imports at the port of New York have fallen of \$4,500,000 in the same period, operators on the long side have good reason for their belief that a change in the course of prices is due.

For the first time in five weeks the bank statement shows an increase in reserve, which reflects as much as anything else the improve ment for the week. A summary of the state ment follows:

 Loans decreased
 5,186,100

 Specie increased
 565,200

 Legals decreased
 878,600

 Deposits decreased
 4,505,300

 Circulation increased
 177,000
 Among the stocks that were noticeable throughout the day were Manhattan, opening at 122 and selling down to 120. Western 1% per cent respectively.

Chicago Gas reacted to 62%, a concession of 2% per cent. Sugar opened at 82 and sold down to 81%, and General Electric lost two

1	The State of the Market.					

Henry Clews & Company: continued to struggle on against the adverse

monetary conditions, and with some yielding spect to the money market is declining. The rate of interest, though still high, is not so costly as to raise a serious obstacle to buying. Not only are the prices of stocks very excep-tionally low, but the condition of the railroads s at present unusually prosperous, making the inducement to investors one of rare advantage. improving, though the progress is slow. There has been a distinct abatement of the late apprehension, and recovery is regarded as less

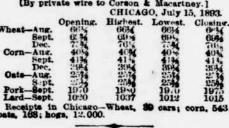

The closing symptoms of the market are hopeful. The improving tendencies noted above now show a fuller development, and both among the banks and on the stock exchange opening of week. Three movements now afthe return of currency from the country, the return of clearing house certificates and the importation of gold. This, with other improvements in the prospect, is making the "bears" cautious and encouraging the buying of stocks. We anticipate an improving market

Precipice.

nothing toward the purpose for which it was Since the convention has failed in accom

lishing what was desired a proposition is on foot to call another convention, which shall aim at the pockets rather than the sympathies of those whom it is hoped to convert to the ideas of the west. The proposed convention is to be composed of business men, and the direct object which is

of business men, and the direct object which is sought is a combination among merchants, with the intention of diverting the trade of Colorado and adjoining states from the whole-sale trade of the east to that of the south. It is argued that New Orleans is much nearer to the Rocky mountain states than is either New York, Boston or Philadelphia. That is a seaport centrally located, from which can be furnished every article needed by the west upon terms equally advantageous with those at present obtained.

It is believed that by diverting this volume of trade from the accustomed channels the eyes of the eastern opponents of silver will be opened and their assistance may be enlisted.

DEVIL'S LAKE, N. D., July 15.—Senator Hansbrough delivered rather a strange address he explained the difference between free silver, single gold standard and limited coinage. He advocated bi-metallic currency, the coinage of either metal to be limited in proportion to production, the ratio to be regulated from time to time as the relative rate of production demands, Congress to be judge of time and rate. The Senator favored the exclusion of foreign bullion, or at least would have its importation regulated by a high rate of duty. He advocated the issue of silver certificates redeemable in silver, and the extension of legal tender power to \$1,000, but not unlimited legal tender power.
San Francisco, July 15.—A meeting of the

prominent silver men of the state was held here last night and resolutions adopted favoring the restoration of silver to the position it occupied as a money metal previous to the demonstiza-tion of 1973. Another meeting will be held

INSPECTOR FAISSON SATISFIED. The Choctaw Murderers Will Consequ

Be Executed August 4. Caddo, I. T., July 15.-The conference arranged between Gov. Jones of the Choctaw nation and Inspector Faisson of the Interior

Department took place yesterday.

Gov. Jones speaks very little English and his private secretary acted as interpreter. Those present at the conference refuse to say what took place, but it can be stated with confidence that on August 4 execution of the death sentence upon the nine will take place.
Inspector Faisson says that he is now convinced that the murderers were fairly and properly tried and condemned.

Gov. Jones says the same and adds that the sentence will be carried out on August 4.

Members of the Locke faction who were in town say that if the United States government The State of the Market.

The following is from the advanced sheets of the Financial Review, published today by Henry Clews & Company:

The State of the Market.

Wants to save the lives of the condemned men all that is needed is to withdraw the United States troops now stationed at Antiers and the Locke people will do the rest.

Persons Killed in a Railway Disaster

MADRID, July 15 .- A dispatch from Bilban capital of the province of Biscava, in northern Spain, states that a terrible railroad accident occurred in that province last night. A train, onsisting of a locomotive and six carriages, while rounding a sharp curve in the mountains ran off the track and went over a high preci-

injured. Many of the victims are members of the best Basque families.

The provincial government authorities and a number of physicians have started for the scene of the accident.

Owing to the mountainous character of country and the fact that the train fell into the valley, it is extremely difficult to get to the The place where the train went over the precipice is at the head of a valley noted for its dicturesqueness. It is about midway between he villages of Auzuola and Vergara.

CENTURY WHEELMEN RACING

PRINCETON, N. J., July 15 .- The great 100 nile race to Princeton and return, under the 8:30 o'clock this morning from in front of Ashworth's hotel, Central avenue and West street, East Orange. There were 113 starters. There were six scratch men, as follows: H. H. Wylie, L. L. C.; F. Walter, Indianapolis; J. W. Linnerman, P. B. C.; W. Van Waggener, S. A. A.; F. Dampman, Q. C. W., and H. S. Thompson, Buffalo.

The roads were in splendid shape and the conditions were favorable for a good race. Asher Atkinson of New Brunswick was the first wheelman to reach this place. He arrived

OMAHA, NEB., July 15 .- A Bee special rom Pine Ridge Agency says: Young Man Afraid of His Horses, the head chief of the whole Sioux nation, dropped dead at Newcastle, Wyo., yesterday. By his death without any line of descendants the mantle of chiefship falls to Little Wound.

Young Man Afraid of His Horses was a great friend of the government, as was proven by his actions in the outbreak at this agency in NAPHTHA WORKS ON FIRE.

was at times pitiful.

The story of the ghastly discovery as told by witnesses is that two ladies, Miss Massey and Miss Beach, were driving along the road which leads from the Washington end of the Aqueduct bridge to Falls Church. Great Damage Threatened to Standard Oil While passing a dreary and deathlike ravine known as Dead Man's Gulch they heard a series of groans. In great fright they applied the whip to their horse and hastened on to the CLEVELAND, July 15 .- Fire started in the naphtha works of the Standard Oil Company shortly after 11 o'clock this morning. house of ex-Policeman David M. Pheips, for-merly of the Metropolitan force. They told him of what they had heard and that they felt At noon the fire was reported to be still burn-ing fiercely and threatened to be very dam-

FIVE MILLIONS IN DISPUTE.

dants of a New York Tory Try to Get His Property. New York, July 15 .- The hundred or more seirs of Samuel Dingee and Solomon Dingee, both of whom lived in Port Chester,
Westchester county, in the latter part
of the last century, are about to take
legal action with a view to recovering
property estimated to be worth about \$5,000,000. Stephen M. Hoye of Brooklyn has been
retained as attorney and will at once take
steps to protect the interests of his clients.

It appears that Solomon Dingee, during the
revolution, sided with the British and after
tranquil repose, and the ex-officer thinking
that he was simply "sleeping off a jag" was
loath to disturb him. The frightened girls
were satisfied and drove on. Later
Phelps, not being entirely satisfied that
he had summed up the case accurately,
returned to where the body lay. He knelt
down beside it. He reached for the pulse.
The old man was dead. There was a good deal
of froth around the mouth, the lips were blue, gee, both of whom lived in Port Chester.

steps to protect the interests of his clients.

It appears that Solomon Dingee, during the revolution, sided with the British, and, after the success of the patriots, concluded that Westchester county would be unsafe for him and emigrated to Canada, after leasing to various parties for a term of ninety-nine years land upon which it is claimed the village of Port Chester, or at least the greater part of it, is built. Solomon the teeth clenched and the eyes set.

Phelps rolled the body over and then it was apparent that he was the victim of foul play. The back of the head was crushed as if by heavy club, and there was a hideous sear below and behind the right ear. The alarm was at once sounded and the country roundabout was least the greater part of it, is built. Solomon died in 1836, in the possession of a large amount of land in Nova Scotia and New Brunswick, leaving no direct heir to inherit his millions. It is claimed that the lease of the Port Cheste property ends this year. In the pockets were found a whetstone,

As far as the Canadian property is concerned there will probably be a hotlegal fight, as the government is in possession and does not want to part with it. As far as known the following s a list of the heirs: Col. S. Dingee of Chicago, Jacob Lozee and two daughters of Savannah, Ga.; Henry and Mary Castle of Newburg, N. Y.; Henry L. Buckley, Charles H. Buckley and Washington Buckley and Charles H. Hubbell of Brooklyn; David H. Anderson, Orlando S. Williams and Chas. S. Shantz and Mary E. Anderson of New York; Henry A. Thompson, Middletown, N. Y.; Mrs. John T. Vancott of Albany, S. T. Thompson of Pearsalls, L. I., and Rebecca Swezey, Theodore C. Thompson of Brooklyn, Mrs. V. B. Hitchcock, Yonkers, N. Y.

Continuation of the Investigation of Dr.

Merrison's Charges. Prof. Hendrickson Gives Further Tests

mony-Some Things That He Knows and Some That He Does Not. The investigation into the charges preferred

by Dr. Joseph Morrison, mathematician of the American Ephemeris and Nautical Almanac Prof. Newcomb did not take the stand today, as was expected, too much time having been taken up in the examination of Prof. Hendrickson, deputy superintendent of the almanae

Today both sides, and more particularly the defense, appeared to wake up to the gravity of the charges and the rigor of the investigation which Capt. McNair is giving them.

The investigation, which at first promised to be a brief and sort of commonplace affair, has at Old Point on the evening of the Fourth of assumed interesting proportions. The inquiry embraces in its scope the conduct of the entire

bureau.

The reading of the testimony given at yesterday's session by Prof. Hendricks sumed the first balf hour. Some minor corrections were made and Prof. Hendrickson was recalled to the stand. He was asked many pertinent questions as to what amount of assistance had been given Dr. Morrison in the computation and preparation of the almenac. Plaintiff charges that he was denied proper assistance notwithstanding the fact that such assistance had been appropriated for.

PROF. HENDRICESON GIVES PURTHER THAT Witness stated that the Ephemeris had been mainly computed by outside pieceworkers, but This officer has been twice examined for pro- that Dr. Morrison had general charge of the Not-of the almanac. The evidence of the witness showed that several ander employes provided for in the appropriations as

the months of June, July, August and September, witness said that he supposed that the supportendent went away in the summer. In

answer to the question from Capt. McNair, "Does Prof. Newcomb pay any attention to the When Capt. McNair asked the witness as to Dr. Morrison's charge that Superintendent Newcomb was absent from the bureau two, and sometimes, three days per week in consequence of his professorship at Johns Hopkins, he an-swered that he knew nothing of it. Witness stated that the almanac for 1896 had

checked, excepting so far as the computations of the satellites of the planets were concerned.

Dr. Morrison charged that Prof. Hendrickson could not check the computations of the satellites. Witness said that he could, he thought, if he had consider the latest the could. if he had occasion to look the matter up.
Witness did not know, as alleged by Dr.
Morrison, that one Robertson, who had failed to pass a civil service examination, was en ployed as a computer in the bureau.

WORK DONE APBOAD. In answer to a question from Capt. McMair as to whether the work of Computer Van Vieck had been taken from him and sent to England to be done, witness said that he would like to have Prof. Newcomb answer the ques-tion. He finally said that the work was done

British almanae.

In reply to Capt. McNair's question: "Are you acquainted with the relative values of the French, German, American and British almanacs?" witness said that he was not. The investigation adjourned to meet on Me day at noon. Several witnesses have been summoned fr the bureau.
